Pro-Pay, Aces in payroll management

The Belgian social and fiscal legislation regarding the remuneration of employees is extremely complex. In order to implement a motivating wage policy and to comply with all your legal obligations as an employer, you should call upon a competent and experienced partner, such as Pro-Pay.

Professionals in payroll

Pro-Pay has over 30 years of experience in payroll, for Belgian and international organizations.

You can call on Pro-Pay for:

- Payroll management
- Outsourcing of (parts of) your payroll administration
- Advice

One person manages your entire account

Pro-Pay has a unique horizontal approach. At Pro-Pay, you have only one contact, your account manager, who knows and manages all aspects of your payroll.

Pro-Pay works safely

Safety and process controls are important to us. Therefore we had our work processes ISAE 3402 certified.

Pro-Pay is customer oriented

We customize our reports to your requirements. Available languages are English, Dutch or French.

We can link our software to your application

Customized solutions can be developed in order to link your software (SAP, Peoplesoft, Oracle, ...) to our payroll application.

Pro-Pay works internationally

For the payroll management of cross border employment, we partner with payroll offices in 50 countries.

Why is Pro-Pay unique?

- National and international experience and expertise
- Your payroll administrator is your single point of contact
- Personal service tailored to your business, no standard solutions
- You can choose à la carte: from pure wage calculation to the complete outsourcing of your personnel administration
- Fast, accurate service
- Quality rather than quantity
- Balanced accounts, clear, ready-to-use journal entries
- Special expertise in cross-border wage issues: seconded, salary split, net-paid expatriates, gross paid expats ...
- International payroll coordination
